

One easy purchase. 12 years of peace of mind.

Bring home Mitsubishi Electric comfort

When you invest in a new heating and cooling system, you're not simply buying HVAC equipment. You're investing in the comfort of your home for years to come. Mitsubishi Electric M-Series and P-Series systems are engineered to deliver efficient, dependable heating and cooling while giving homeowners greater control over their indoor comfort.

With the Diamond Advantage, you get one easy monthly payment, industry-leading equipment and installation, along with 12 years of peace of mind.

Get the comfort you want now

From October 1 to December 31, 2026, the Diamond Advantage brings financing and warranty protection together in one convenient plan; and one monthly payment. With the purchase and installation of qualifying Mitsubishi Electric M-Series or P-Series equipment through a participating Mitsubishi Electric Diamond Contractor®, your package includes:

- 12-year Mitsubishi Electric parts and compressor warranty
- 12-year JB Warranty extended labor coverage at no cost
- 12-year Synchrony financing
 - Synchrony Pay Later: Designed for a single purchase with predictable payments over the financing period

Protecting your HVAC system and your budget

Instead of purchasing your HVAC equipment, arranging installation, finding financing and then separately considering extended warranty protection, the Diamond Advantage brings them together. It's one easy purchase designed to help protect both your comfort and your budget.

Program available October 1-December 31, 2026. The program applies to residential M-Series and P-Series installations through participating dealers only and accepted proposals meeting program requirements. Financing subject to credit approval and applicable Synchrony terms. This program is only valid through eligible Diamond Contractors in Washington, Oregon, Idaho, Montana, Wyoming, California and Alaska.
